Edward Spears,
City of Pensacola
NET Development Administrator
P.O. Box 12910
Pensacola, Florida 32521

Dear Mr. Spears

It has been brought to my attention that May's Construction has been included as a partner in a proposal submitted to your office by New Orleans developer Clifton C. James & Associates, his local affiliate and administrator, Russell Spears. This came as a quite surprise to our company considering May's construction has not entered into any oral or verbal agreement with any developer or contractor relating to the Maritime Project. In fact, I have never spoken with or met either Mr. James or Mr. Spears.

My family and I have had many meetings with different entities about the role of May's Construction in the Maritime Project, and at no time was there conversation about a partnership with Clifton C. James & Associates. I am unaware of what impact our company will have on the proposal submitted, but no proposal submitted for the Maritime Project has authorization to include May's Construction.

As a proud Pensacola company for over 50 years, we do intend to take part in this wonderful addition to our city. However, our level of participation has yet to be determined. If you would like to schedule a meeting to talk about ways in which your office is looking to include local minority participation on this or any other city project, please let me know.

Thank you for your time and consideration of this matter. If you have any questions or need any further information, please do not hesitate to give me a call on [REDACTED]

Sincerely,

LaRuby May, MA, CGC, JD
