**MEMBER
COMMUNITY MARITIME PARK – BOARD OF TRUSTEES**

Provide a brief description of nominee's qualifications:

Bentina is responsible for External Affairs, which includes Economic Development and Workforce Development at Gulf Power. She is very involved in local organizations, such as serving on the boards of directors for the Gulf Coast African American Chamber of Commerce and for the Pensacola Bay Area Chamber of Commerce. She also serves with state and regional organizations such as the Florida Chamber of Commerce Board of Trustees and Florida's Great Northwest.

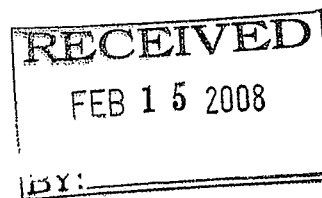

Her background in law and prior Southern Company service make her extremely well positioned to help the Board. Her duties included serving as a Compliance Officer for Southern Nuclear Operating Company, and she is a graduate of Leadership Atlanta and Leadership North Carolina. She has already been working with the Gulf Coast African American Chamber to find a method of making the Contractors Academy a successful reality and has background and experience in efforts to make minority employment programs work. For the Board, minority employment is both one of the greatest opportunities of the park project and one of the greatest challenges, and Bentina will bring us much-needed thoughts, advice and experiences.

While it is true we are most fortunate to have the services of Susan Story of Gulf Power Company, Bentina's employer, in my opinion Bentina brings exceptional but different talents that are much needed by the Board.

***** 5:00 P.M., FRIDAY, NOVEMBER 16, 2007 *****

COMMISSION QUESTIONNAIRE

1. Why do you want to serve on this Commission?

I have been interested in local government and its makeup for many years. In the late 1979's I was one of the named plaintiffs in the voting rights suit that changed the method by which City Council members were elected. I also served on the Escambia County Charter Commission for Home Rule and other committees. I do not believe in just complaining about issues, I want to get involved, fully understand the issues, and provide reasonable solutions.

Changing the Pensacola's Charter is of particular interest because there is a possibility that many of the gains seen by the Black Community could be lost. I am willing to put the time and effort into revising the current charter while ensuring that all members of the community are respected and treated fairly.

2. What background and/or qualifications do you have that would qualify you to serve on this Commission?

I am currently retired from Federal Civil Service during a 40 year career I have had increased responsibility and varied decision-making experience with proficiency in managing complex demands and pressured situations. I have a long track record meeting objectives and accountability supported by extensive managerial training.

I have been involved in Pensacola community issues for years. I believe in all facets of our community coming together and working to make Pensacola a better place for all to live. Also I have a history working with people of differing interests together in order to achieve a common goal.

Committees and positions:

Chairman, City of Pensacola Fireman's & Pension Fund (1986 to Present)
President & Treasurer, 100 Black Men of Pensacola, Inc. (1993 to 1995)

Member, Escambia County Charter Commission for Home Rule (1993 to 1995)
Chairman, Airport and Aviation Advisory Committee (1989 to 1991)
