

## Attention Business Owners

- **Did you know that Staffing cuts at the Pensacola Fire Department could cause your Insurance rates go up by 10%?**
  - **The city of Pensacola has cut 22 Firefighter positions since 2008.**
  - **You could have as little as 3 Firefighters show up to your fire.**
- **The City would rather risk your lives and ours to save a Dollar.**
- **Please call your council representative before this Thursday's council meeting and ask him or her to support Councilwomen DeWeese in her efforts to rebuild your Fire Department.**
