

**Pensacola Community Survey
Draft Instrument
June 6, 2014**

Hi, my name is _____ at the Haas Center with the University of West Florida. We are currently doing a survey on behalf of the City of Pensacola. Are you familiar with this survey?

(As you know) The City of Pensacola is conducting a survey to gather opinions from local residents on different services and functions of city government. This survey is designed to allow you to evaluate the City's performance in a variety of areas, and should only take about eight to ten minutes.

Would you be willing to take part in this survey?

IF NO: Thank you anyway, have a good afternoon/evening.

Are you at least 18 years old and currently residing within the city limits of Pensacola?

IF NO: Unfortunately, this makes you ineligible to complete the survey. Thank you very much for your time.

Great! To get started, let me give you some information regarding the survey.

The survey is grouped into seven sections of City services and functions. There are two types of questions: first, about your general satisfaction with certain City services and second, about how much emphasis you think the city should place on different areas. All of your responses to this survey are held in strict confidence, and only comprehensive results will be reported.

With that being said, please feel free to stop me with any questions you have at any time.

I. The first section of questions is going to be about Public Safety.

The first questions will be about your satisfaction regarding several aspects of *Public Safety*. Please answer on a 5-point scale, including Very Dissatisfied, Dissatisfied, Neutral, Satisfied or Very Satisfied.
