A Pensacola man has been charged with aggravated child abuse after police responded to a residence this morning and found a child not breathing.

Alonzo Thompkins, 26, of 500 E. Fairfield Dr. was arrested on the charge this afternoon.

Thompkins was left alone this morning with the two-year-old male, who was the son of Thompkins' girlfriend. The mother called police around 9 a.m. after she returned home and found her son was not breathing.

An initial investigation determined the deceased child had multiple injuries. The investigation is continuing.

No additional information will be released tonight.
