CONFIDENTIAL RECORDS ATTACHED

Commissioners,

By request, attached are the transcripts of the attorney-client sessions related to the receivership of IIDC (Innerness Island water and sewer). The litigation is still open and is not expected to be concluded until after the transfer to and acceptance of the sewer system by ECUA. Thus, these transcripts are CONFIDENTIAL until the conclusion of the litigation (per section 286.011(8)(e), Fla. Stat.) and should not be released or shown to the public or the media.

Separately, I am gathering a timeline for you from legal's perspective, and I assume some other departments may be doing that as well.

Please do not reply all, but get directly with me if you have questions or concerns.

Allison
