Hi!! I hope you are doing well at your new job. I'm pretty sure you are!!

If you get a few minutes give me a call. I want to ask you about Paws. I got a call from one of their board members last week wanting to know if I would be interested or if I could help them find an interim director. I just don't know what I might be getting myself into if I would even entertain the thought of doing this. I should have a break today between 12 and 230 if you would have a couple of minutes

I'll call you between 12-1

I've been super busy
I have the program almost finished
for PHS if you are still wanting to
move forward with that and
membership plan. I'm off the week of
March 16, and can present to your
staff if needed.

Ok sounds good. I know you are busy. I appreciate you!

Hoping all is good for you!
