ESCAMBIA
COUNTY

MEMORANDUM TO FILE

BY: Wesley J. Moreno, County Administrator
DATE: February 12, 2024
RE: Investigation Regarding Public Works Department Debris
Hauling at 1624 West Yonge Street

A handwritten signature in blue ink, appearing to read "WJ Moreno", is written over the "DATE" and "RE" lines of the memorandum header.

On Jan. 31, 2024, I was at the Escambia County Public Works Department, located at 601 Highway 297A. While there, I asked Ms. Julie Meacham to contact Field Supervisor Mr. Justin Walker and request that he come to the office to show me a video on his personal phone, which was purportedly taken by Mr. Walker and depicted a pile of limbs and vegetative debris in front of a lot at 1624 West Yonge Street. Mr. Walker asked if I was allowed to see the video, and I assured him that I was. I watched the video, which showed a pile of vegetative debris as Mr. Walker walked around the pile and provided commentary as to the size of the pile, the placement of the pile on private property, and that the work is being initiated by a commissioner.

After watching the video, I asked Mr. Walker who directed him to pick up and remove the debris, and Mr. Walker responded that Jamey (Higdon) did. I clarified further, asking if Jamey directed him to pick up and remove the debris, and Mr. Walker responded yes.

I then dismissed Mr. Walker from the room. After being gone for approximately 5-10 minutes, Mr. Walker called the administration building and asked to speak with me. Ms. Meacham transferred the call to Jamey Higdon's office, at which time the call was put on speaker phone. I asked Mr. Walker what he needed, and Mr. Walker stated that he needed to correct his previous response to me. He then stated that Jamey Higdon did not direct him to pick up and remove the debris, but instead Mr. Higdon had told him to utilize his best judgement. I confirmed Mr. Walker's corrected statement and asked, Mr. Higdon didn't direct you to remove and pick up the debris? Mr. Walker said no, he directed me to utilize my best judgement.

I noted the time as 4:15 p.m. In the office were myself, Jamey Higdon, and Tyler Davidson.

Re: Letter of Consultation
Date: October 31, 2017

You and three other employees were authorized to attend an American Public Works Association (APWA) supervisor/leadership training class in Fort Pierce, Florida, October 16-20, 2017. It was scheduled that you were to be picked up by your co-workers on Monday morning to begin the trip.

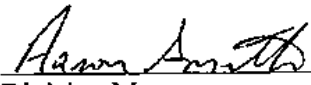

When they arrived to pick you up and they were in a black full-sized Mercedes SUV, this should have been of great concern to you. You were told that they got an upgrade from what was authorized for the trip. Being that this was not your first time traveling for County business, you knew that getting this upgrade (additional costs incurred) required pre-approval from management. Although you were not involved in the decision to upgrade to this type of vehicle, you should have been more diligent in ensuring that management had authorized the upgrade/additional cost.

If at any time you question or have concerns about a request or decision made by another employee, you should not hesitate to contact your immediate supervisor or any other supervisor to make sure the appropriate decision has been made.

This letter will be retained in the department for reference.

Notice of Written Reprimand

Employee: Randy Brasch Date: October 31, 2017

Classification: Equipment Operator IV Dept/Div: Public Works/Roads

THIS IS TO NOTIFY YOU that you are being reprimanded in accordance with the Human Resources Policy and Procedures Guidelines and are hereby notified of the following violation(s):

EV-1: Fraud, waste, and/or abuse of County property or time.

You and three other employees were authorized to attend an American Public Works Association (APWA) supervisor/leadership training class in Fort Pierce, Florida, October 16-20, 2017. This was the second class in a series of three. It was scheduled to pick up the rental vehicle on Monday morning at 6:00 a.m.

You and one of the other employees picked up the vehicle on Sunday morning, instead of Monday, which incurred additional cost for the additional day. Then, you and the other employee determined that the vehicle that they had, a Jeep Renegade, would not be large enough, and requested an upgrade, which incurred more additional cost. The upgraded vehicle, a black full-sized Mercedes SUV, should have been of great concern to you as far as cost/perception. Although you did not sign the rental agreement, you, nor the other employee, asked for a comparison of what the original/approved rental estimate was. Being that this was not your first time traveling for County business, you should have known that getting this upgrade, with additional costs incurred, required pre-approval from management/administration. You should have used better judgement and ensured that management authorized any upgrade/additional cost.

If at any time you question or have concerns about a request or decision made by another employee, you should not hesitate to contact your immediate supervisor or any other supervisor to make sure the appropriate decision has been made.

Notice of Written Reprimand

Employee: Dale Burnham Date: October 31, 2017
Classification: Equipment Operator IV Dept/Div: Public Works/Roads

THIS IS TO NOTIFY YOU that you are being reprimanded in accordance with the Human Resources Policy and Procedures Guidelines and are hereby notified of the following violation(s):

EV-1: Fraud, waste, and/or abuse of County property or time.

You and three other employees were authorized to attend an American Public Works Association (APWA) supervisor/leadership training class in Fort Pierce, Florida, October 16-20, 2017. This was the second class in a series of three. It was scheduled that you were to pick up the rental vehicle on Monday morning at 6:00 a.m. (same arrangements that were made for the first training session in May 2017).

You and one of the other employees chose to go pick up the vehicle on Sunday morning, instead of Monday, which incurred additional cost for the additional day. Then, you and the other employee determined that the vehicle that they had, a Jeep Renegade, would not be large enough, and requested an upgrade, which incurred more additional cost. The upgraded vehicle, a black full-sized Mercedes SUV, should have been of great concern to you as far as cost/perception. You signed for an estimated rental cost of \$644.83, and you did not ask for a comparison of what the original/approved rental estimate was. Being that this was not your first time traveling for County business, you should have known that getting this upgrade, with additional costs incurred, required pre-approval from management/administration. You should have used better judgement and ensured that management authorized any upgrade/additional cost.

If at any time you question or have concerns about a request or decision made by another employee, you should not hesitate to contact your immediate supervisor or any other supervisor to make sure the appropriate decision has been made.
