The items have been found to be of no further usefulness to the County and will be disposed of properly. The average age of the disposed of equipment is 11 years old and, due to CJIIS Policy, all hard drives have been pulled to be destroyed. Because of the advanced age of the devices and the fact they have no hard drive or software, Escambia County should not provide these devices to other agencies as the cost to the agencies will be more to refurbish than to purchase new devices.
